PROJECTS

Dalhousie Youth Services

- Software engineering capstone.
- Added new report generating functionality to an existing system to improve client efficiency.
- Use of React electron, node.js, and graph APIs such as Ant forms Nivio Graphs.

Gforce BucketList

- A project that allows for for users to generate lists that can be shared and completed between users.
- Use of vanilla JavaScript, JQuery, and PHP.

EXPERIENCE

Research Assistant - Trent University (Peterborough, ON)

May 2020 – August 2020

- Collected data for two separate studies: Covid-19 app analysis and "RateMyProfessor" professor evaluation.
- Validated incoming data to check information accuracy and integrity while independently locating and correcting concerns.
- Performed statistical, qualitative, and quantitative analysis.
- Summarized results by preparing written reports, graphs, Fact sheets, and tables.

Academic Assistant – Trent University (Peterborough, ON)

January 2018 – April 2020

- Academic Assistant for multiple Computer Science courses
- Marked assignments, journals, exams, labs, and assisted students to complete assessments in lab demonstrations.
- 2018 Fall term, 2019 winter term, 2019 Fall term and 2020 Winter term.
